

MODERN UNIVERSAL TABLE,

The Most Copious and Authentick that ever was published, of the present State of the Real and Imaginary MONIES of the WORLD:

Divided into FOUR PARTS, viz.

EUROPE, ASIA, AFRICA, and AMERICA;

Which are Sub-divided into Sixty Parts or Lines, containing the Names of the Most Capital Places, the Species whereof are specified, each Subdivision in one Line, ascending from the Beginning to the End, teaching how the Monies are reckoned by the respective Nations; and the Figures standing under the Denomination of each Foreign Piece, is the *Englifo* intrinick Value thereof, according to the best Assays made at the *Mint* of the *Tower* of LONDON.

EXPLANATION.

- By *Real Money*, is understood an effective Specie, representing in itself, the Value denominated thereby, as, A GUINEA, &c.
• This Mark is prefixed to the *Imaginary Money*, which is generally made use of in keeping Accounts, signifying a fictitious Piece which is not in being, or which cannot be represented but by
— This Mark of Alligation and Dependence is the Sign of Equality, signifying is, make, or equal to.
• This Mark is set under each Line, to lead the Eye to the intrinick Value in Sterling of each Foreign Piece standing over it; and all Fractions therein contained are Parts of a PENNY.

Humbly Dedicated to the MERCHANTS of the BRITISH EMPIRE.
